## **PARTNER'S NEW QUESTIONNAIRE**

This questionnaire aims to find out what problems parents have. Your answers will help us to identify those problems that may be solved by changes in the health care system. It should be filled in by the mother's partner.

To answer simply tick the box which is most accurate in your opinion.

Some questions are the same as those you have answered before. This is so that we can tell what changes have happened to you.

Please answer all questions if you can, even if they are similar . If you cannot answer a question or if it does not apply to you, put a line through it. There are no good or bad answers. Just tell us what you really think.

All answers are confidential.

**THANK YOU VERY MUCH**
