PROSTATE QUESTIONNAIRE

We are trying to find out what causes enlargement of the prostate gland. Enlargement of the prostate gland is common in older men and often causes urinary difficulty. We would be most grateful if you would fill in the enclosed questionnaire, ticking one of the boxes in answer to each question.

Have you had prostate surgery? Yes ☐

No ☐

If yes, thank you for your help. You do not need to answer any further questions.

If no, please tick one box in answer to each question.

	Not at all	Less than 1 time in 5	Less than half the time	About half the time	More than half the time	Almost always
1. Over the past month, how often have you had a sensation of not emptying your bladder completely after you finished urinating?						
2. Over the past month, how often have you had to urinate again less than two hours after you finished urinating?						
3. Over the past month, how often have you found you stopped and started again several times when you urinated?						
4. Over the past month, how often have you found it difficult to postpone urination?						
5. Over the past month, how often have you had a weak urinary stream?						
6. Over the past month, how often have you had to push or strain to begin urination?						
	None	1 time	2 times	3 times	4 times	5 or more times
7. Over the past month, how many times did you most typically get up to urinate from the time you went to bed at night until you got up in the morning?						

PROSTATE QUESTIONNAIRE – Page 2

	Delighted	Pleased	Mostly satisfied	Mixed about equally satisfied and dissatisfied	Mostly Dissatisfied	Unhappy	Terrible
If you were to spend the rest of your life with your urinary condition just the way it is now, how would you feel about that?
